**CHOOSE
RENEWABLE ENERGY**

*Sign up for Central Electric Cooperative's
REC program and power your home or
business on renewable energy.*

Central Electric Cooperative has Renewable Energy Credits (RECs) available for purchase to offset your current usage with 100% renewable energy.

The electricity you receive will still be the same reliable, affordable energy you have always received from Central Electric but, by participating in this program, your home or business will be supporting current and future renewable projects. By purchasing RECs, your business could add value to your products or services, promote future regional renewable projects and showcase your support for renewable energy sources.

A Touchstone Energy® Cooperative 

Central Electric Cooperative is an equal opportunity provider & employer.

FAQS

CENTRAL ELECTRIC COOPERATIVE RENEWABLE ENERGY CREDIT CERTIFICATE PURCHASE

What is a Renewable Energy Credit (REC)?

- 1 MWh (megawatt hour) produced by a renewable energy source equals 1 REC
- RECs are also called Green Tags
- RECs represent the valuable renewable attributes of wind energy

How much does it cost?

\$1 per MWh.

Example: If you use 1,200 kWh per month, participating in the REC program at 100% would add \$1.20 + tax to your monthly bill.

Do I need to purchase any special equipment?

No. Central Electric Cooperative will continue to fulfill all your electric needs and you can enjoy the benefits of renewable energy.

What are my payment options?

You will be billed monthly based on the kWhs used. The additional charge will appear on your normal monthly electric statement.

Where do the RECs come from?

The RECs come from several wind farms in the region that supply renewable energy to Central Electric. These include, but are not limited to:

- North Dakota: PrairieWinds 1, Wilton 1 & 2, Baldwin Wind Project and Minot Wind Project
- South Dakota: Crow Lake Wind, the Chamberlain turbines, Day County Wind Farm and South Dakota Wind Project

What if I move?

This program is available only to members of Central Electric Cooperative. If you move outside of Central Electric's service territory, you will no longer be a member or eligible for this service.

(name of customer) hereby requests qualification of the following purchase for the Renewable Energy Credit Rate in effect on the date of qualification and agrees to each of the conditions in the Rate:

Name of Owner and Address of the Renewable Energy Credit Purchaser:

100% Participation = \$0.0010 per kWh used

Beginning Date: _____

The purchase of RECs will be added to your total kWh monthly usage for a period of one year. This agreement will continue after the first year until Central Electric Cooperative is notified of cancellation.

Rate is subject to change on an annual basis based on market conditions.

Signature _____ Date _____
